

REBOKE NINJA

The grain carts that provide you with great unloading capacity

REBOKE NINJA GRAIN CARTS

+ UNLOADING AGILITY

Reboke Ninja grain carts are engineered to transport grains and reach high operation performance.

Unloading tube

Unloading tube of **500 mm** with unloading capacity of up to

10000 kg/min*

which provides faster grain unloading. It features two augers only and angle alignment between the two stages of the auger that allows the operator to have a clearer grain unloading view.

**It depends on the equipment model, product type, density, and moisture.*

THE GREATEST TURNING RADIUS

It features the greatest turning radius of its category, which eases crop steering operations and avoids steering system damages.

Directional unloading tube spout

Reboke Ninja lineup is equipped with a directional spout that improves the grain unloading onto the lorry. Polyethylene spout that ensures durability and easy maintenance.

Tyres

High fluctuation pressure tyres* that avoid soil compaction during grains transport.

** Optional feature for Reboke Ninja 19000, Reboke Ninja 24000, and Reboke Ninja 33000.*

REBOKE NINJA 40000
LOAD CAPACITY 40 m³

REBOKE NINJA 40000
LOAD CAPACITY 33 m³

REBOKE NINJA 24000
LOAD CAPACITY 24 m³

REBOKE NINJA 19000
LOAD CAPACITY 19 m³
